HONOURED SIR,

The humble memorialists most respectfully beg to submit as follows:-

1. That they belong to the community known as the Hala Karnataka Brahmin community. They are in a very backward condition in this state and they have been living for centuries in the remote villages out of touch with modern civilisation. No one in this community is so far able to get any Government Service in higher grade. In the whole of Civil list that is being published by Government, there is not even one who belongs to this backward community. Only recently a very few enterprising young men of this community have with the greatest difficulty received some higher education. These young men have been trying their utmost to secure some appointment or other in the Government service. But to their greatest misfortune, being Brahmins, they could not so far get deserving employments, and this fact has greatly disheartened the

younger generation who are trying to acquire education which our benign Government is extending to all the communities of this State.

2. The woeful backwardness of this community has been brought to the kind and sympathetic notice of the Government many a time for encouragement being shown to this as in the case of other backward communities. Promises have also been made to redress the grievance. The fact that other Brahmin communities are forward does not in any way mitigate the hardship and misiries of these Hale Karnataka community which has been silently suffering for centuries past.

For the reasons stated above the memorialists pray that the Hale Karnataka Brahmin community may be treated as a backward class for the purpose of recruitment to the Government service.

Dewan of Mysore,

B A N G A L O R E.

The humble memorial of S.Krishnaswami Rao,B.A.L L.B. Advocate and Member of the Mysore District Board and of the Representative Assembly, Lakshmipuram, Mysore, most humbly and loyally begs to sheweth as follows:---

1. It is not unknown to you, Sir, how very backward the Hallekarnataka Brahmins are in this State. Living as they do in remote villages, steeped in abject poverty and ignorance, they are silently suffering, practically being ignored by our benign Government; and their condition is simply deplorable. Until very recently there was none in this community who has received any education worth the name. It is some 8 years ago that the Memorialist, who also belongs to this community, started a hostel at Mysore for the benefit of the students of this community. By various inducements and personal influence the Memorialist was able, with the greatest difficulty, to attract some students to this hostel. The strength of the hostel for the last 4 or 5 years ranged between 35 and 45 students, studying in the various institutions of the city of Mysore. This hostel can, so far, boast of 4 graduates. Besides these, there are a number of students who have passed their S.S.L.C. and Entrance examinations and who have discontinued their studies for want of means to study further. There are some more studying in the medical

school Bangalore.

2. When there is such a happy sign of awakening in this dormant backward community, the Memorialist regrets to submit that cold water was thrown upon the aspirations and enthusiasm of the people of this community by the Government order, on the Miller Committee Report. The Memorialist may be permitted to state that this order is the most unjust order ever issued by any Government, if the principle on which it is based is to exclude all the Brahmin communities as such, irrespective of the fact whether a particular Brahmin community is backward or not, and whether that community has any manner of connection with the other forward Brahmin communities or not, except in a mere common name. There is absolutely none of this community in the higher or lower grades of the Government Service. A few of them are hereditary village officials and fewer still are village primary school masters.

3. The backwardness of this community has been urged many a time on the attention of the Government in the Representative Assembly and outside, for redress, but without any result so far, except mere promises. The fact was also brought to your kind notice some time back and you were pleased to note down this, for kind and sympathitic consideration.

4. Graduates of this community applied for Amildari probatiiners' and even Sheikdari probationers' posts but they were not given any. Many S.S.L.C. and Entrance candidates applied for posts of primary village school masters on Rs.15/- but they were mercilessly rejected in preference to non-Brahmin candidates of a mere Kannada Lower Secondary pass. The hostel referred to above has already begun to decline on account of these rebuffs and disappointments and the whole community is weeping and cursing its fate.

5. The Memorialist, therefore, most humbly and respectfully prays that you may be pleased to have pity on these poor, loyal and inarticulate subjects of His Highness the Maharaja and issue orders as early as possible to exempt this Halekarnataka Brahmin community from the operations of the Government Order on the Miller Committee Report.

6. For this act of kindness, charity, and justice the Memorialist ever prays that you may be blessed with long life and prosperity.

G.O.No. 1827-80/E.A.G. 308 dated 16th May 1921, laying down the policy of Government on the question of the adequate representation of Backward Communities in the Public Service, explaining ~~among other things~~ the scope of the expression "Backward Communities" as employed in the order ~~and setting forth certain concessi~~ons ~~and privileges that may be shown to members of the said communities~~.

Order No.

Dated Bangalore

It has been brought to the notice of Government that members of the Halekarnataka ~~Section of~~ the ~~Brahmin~~ community are very backward in point of education ~~and social position~~, that ~~the major part~~ of them live in remote villages in the State in great poverty and have very few opportunities of advancement and that they are consequently in need of the special facilities shown to members of the backward Communities under the order of the 16th May 1921 read ---- above.

2. Government consider that there is a good deal of force in the above view and are accordingly pleased to

direct that the Hale Karnataka ~~Brahmin~~ Community be included among Backward Communities for purposes of recruitment and that members thereof be shown the concessions to which members of the Backward Communities are entitled under the above order.
